

# ARCHITECT / PROJECT MANAGER

Rosstarrant Architects, Inc. has openings for Project Managers to collaborate with our outstanding design team on educational facility design. The successful candidate will manage multiple projects and teams, including project budgets, schedules and programs. Specific skills include experience as a project manager, clear construction documentation, and strong communication skills. Must be committed to mentoring others within the firm to create and lead successful, cohesive project teams. Strong knowledge of the design delivery process, good common sense and articulate graphic and verbal communication and writing skills are an absolute necessity. Applicant should be a licensed design professional, and experience of over 8 years is preferred.

Rosstarrant Architects, Inc. (RTA) is a firm of more than 60 passionate designers who are dedicated to enhancing educational environments for K-12 and higher education clients across Kentucky and beyond. Our staff includes architects, civil engineers, landscape architects and interior designers who collaborate constantly to create holistic, contextual designs that enrich the communities they serve.

Rosstarrant is deeply committed to supporting its staff with an incredible benefits package that includes 32 paid leave days per year, plus parental leave and paid community service hours. In addition, we offer health, dental, vision, short term disability, long term disability and life insurance coverage, as well as retirement matching. Our energetic and creative office environment is focused on sustainable and healthy school design, and we offer resources, financial support and incentives to encourage staff to pursue LEED, WELL and ALEP accreditation.
